Mail Stop Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR § 1.181(a), Applicants petition the Commissioner to vacate the Notice of Abandonment and reissue a Notice of Allowance for the above-identified case given that a Notice of Allowance was never received by the Applicants.

In the alternative, if the Commissioner finds the petition and supporting evidence insufficient to meet the standards of 37 CFR § 1.181(a), it is hereby requested that this petition be considered as a petition due to unavoidable delay under 37 CFR § 1.137(a).

Finally, if the Commissioner finds the petition and supporting evidence insufficient to meet the standards of unavoidable delay under 37 CFR § 1.137(a), it is hereby requested that this petition be considered as a petition due to unintentional delay under 37 CFR § 1.137(b).

In the event that any fees are due, please charge our Deposit Account No. 22-0261 and notify the Applicant's attorney. Additionally, authorization is hereby provided to charge the Issue Fee to our Deposit Account No. 22-0261 in order to comply, if necessary, with the requirements of 37 CFR § 1.137. Again, notification of Applicant's attorney is respectfully requested.

STATEMENT OF FACTS

A Notice of Allowance for the above-identified case was issued by the U.S. Patent and Trademark Office (PTO) on November 23, 2005. However, Applicants never received this Notice of Allowance and only became aware that one was issued upon receiving a Supplemental Notice of Allowability dated May 15, 2006, which was issued in response to an Information Disclosure Statement filed by the Applicant on May 1, 2006. By this date, the case was already abandoned, as the issue fee was due by February 23, 2006.

Applicants have put forth a good faith effort to prosecute this application both prior to and after receiving the Notice of Allowance. The relevant chronology is as follows.

Notwithstanding the Notice of Abandonment, the last paper issued by the Office concerning the merits of the application was a Restriction Requirement dated August 13, 2004. A Response was timely filed on August 23, 2004.

On May 11, 2005, the undersigned contacted the Examiner via phone to inquire as to the status of the case. The Examiner stated that the file had not been forwarded to him. On December 6, 2005, the undersigned filed a formal status inquiry in the Office. According to PAIR, it appears status letters were mailed on December 6, 2005 and May 1, 2006. However, upon viewing the image file wrapper, the paper labeled as the status letter of May 1, 2006 is actually the electronic acknowledgment receipt for the IDS submitted by Applicant on May 1, 2006. The paper labeled as the status letter mailed December 6, 2005 is actually a status letter dated April 13, 2006, and states that the letter was transmitted by facsimile. Copies of these documents, obtained from PAIR, are attached (Attachment 1). Due to the inconsistencies between the file wrapper and imaged mail documents, it cannot be established that any status letter was ever sent to the undersigned. Specifically, it appears that the Office

erroneously labeled the receipt for Applicant's May 1, 2006 filing as a "status letter".

Applicants can offer no explanation as to why a status letter mailed December 6, 2005 can have a future date of April 13, 2006. As further evidence that no status letter was received on May 1, Applicants submit a copy of their incoming fax log dated May 1, 2006 (Attachment 2). As shown by the log, no communication was sent from the Office and addressed to the undersigned.

Applicants next filed an Information Disclosure Statement on May 1, 2006, which prompted the issuance of a Supplemental Notice Allowability by the Examiner. The Supplemental Notice of Allowability, dated May 15, 2006, was received on May 17, 2006. The Notice of Abandonment was mailed on May 31, 2006, and received on June 2, 2006.

Applicants now provide this petition under the *Delgar v. Schulyer* standard (*Manual of Patent Examining Procedure* § 711.03(c), p. 700-140) along with evidence showing non-receipt of the Notice of Allowance and request that the Notice of Abandonment be vacated and a Notice of Allowance reissued.

As evidence of non-receipt of a Notice of Allowance, the firm's docket report dated Thursday, February 23, 2006 is enclosed (Attachment 3). Also enclosed is a copy of the USPTO incoming mail log from Wednesday, November 23 through Wednesday, December 7, 2005. (Attachment 4). The relevant docketing procedures that generated the data of this report are detailed in the attached affidavit of Ms. Robyn Moriarty, Docketing Supervisor at Venable, LLP, which further attests to the accuracy of the report (Attachment 5). Briefly, this procedure consists of the Docketing Department opening all incoming correspondence from the PTO and recording relevant information from the correspondence, including the mailing date of the received notices, in their manual log-in system and in a computerized docketing

database.

Upon review of this docket report, it is clear that no documents were received with a mailing date of November 23, 2005 for the above-identified case, which has Attorney Reference No. (Docket No.) 41567-199588. Further, the manual log-in system does not indicate receipt of a Notice of Allowance for this reference number, and no deadline for payment of the Issue Fee was generated by the docketing system database for February 23, 2006. Ultimately, there is no record of receiving the November 23, 2005 Notice of Allowance. The absence of such record, given the docketing procedures in place for opening and recording all correspondences from the PTO, leads to the conclusion that the Notice was lost en route to the Applicants, rather than after receipt by the Applicants.

CONCLUSION:

Applicants respectfully submit that the Notice of Allowance of November 23, 2005 was never received and request that a new Notice of Allowance be issued.

Respectfully submitted,

DECLARATION OF DOCKETING SUPERVISOR

I, Robyn L. Moriarty, Docketing Supervisor at Venable, L.L.P., verify that all mail received from the United States Patent and Trademark Office is opened in the Docketing Department and all information is both manually logged-in to the department and entered into the computerized docketing system. The manual log-in system tracks incoming PTO documents, recording the docket number, serial number, type of action, inventor name, mail date, and the responsible attorney. The computerized docketing system automatically generates due dates for required responses when receipt of PTO notices are entered into the database. Had the Docketing department received a Notice of Allowance dated November 23, 2005, receipt would have been manually logged-in, entered in the computerized docketing system, and the system would have automatically posted that payment of the Issue Fee would have been due on the docket for February 23, 2006.

I certify under penalties of perjury of the laws of the United States that the foregoing is true and correct.
